## Food From The Heart

SKGPS is organising a school-wide donation drive in support of "Food From The Heart" (FFTH). FFTH is a voluntary food distribution programme organised by an independent non-profit organisation. Through this programme, food items donated by students are distributed to needy families. We hope to foster a stronger spirit of sharing and build the culture of care in our SKGian family.

Students can bring their donated food items to school. A collection station will be set up outside the General Office from 22 April to 25 April from 7 a.m. to 2 p.m.

Due to concerns over food safety please do take note of the following guidelines for the donated food items:

Type of Food Item	Acceptable condition
Canned Food	At least 3 months before expiry No sign of rust on the exterior packaging
Rice, sugar, biscuits, instant noodles	Unopened and in original packaging At least 3 months before expiry
Powdered beverage (eg coffee, tea, milo)	Unopened and in original packaging At least 3 months before expiry

In the spirit of teamwork, some of our students will also be involved in sorting the donations and checking on acceptable conditions.

We look forward to your support and partnership in this project and we Thank You.
