TRANSITING TO PRIMARY 1

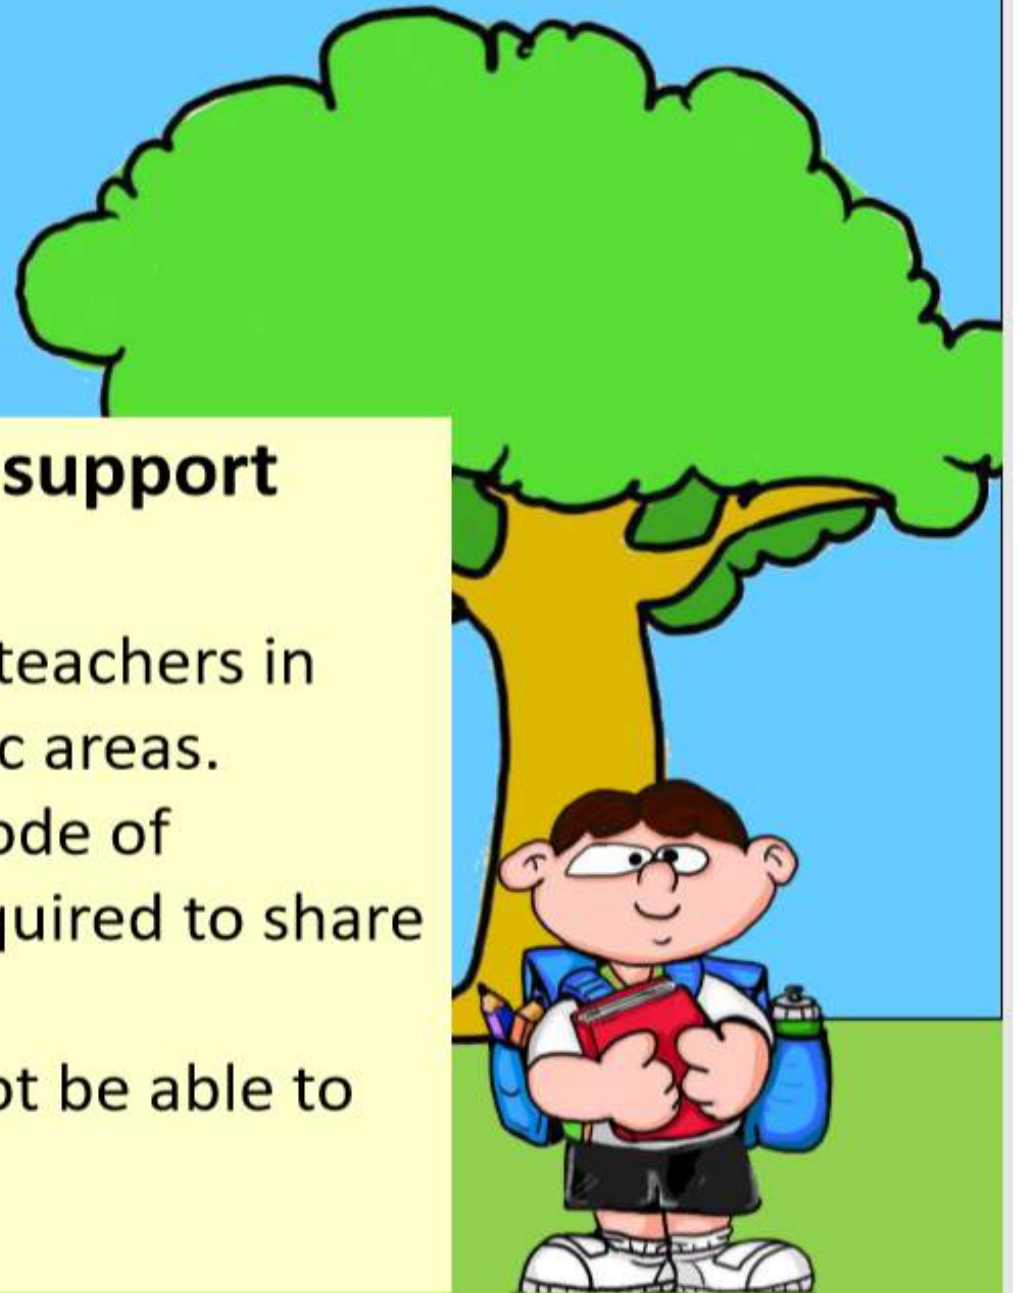

- A smooth transition is made when your child:
 - feels safe and comfortable in their new environment.
 - is able to manage the daily challenges of school life.

HOW CAN I PREPARE MY CHILD FOR PRIMARY 1?

- Parents often feel that literacy and numeracy are the most important foundations for primary school. However, studies have shown that **academic preparation alone does not guarantee a smooth transition for children.**
- Over-preparation in academic areas is at the expense of adequate preparation in other areas such as socio-emotional learning and motor skills.
- Research is also clear that **socio-emotional competencies are beneficial for better coping during transitions and for progressing through school.** (Margetts, 2014)

Parents we need your help to:

- **Work with school to know and support your child**
 - ✓ Have regular conversations with teachers in both academic and non-academic areas.
 - ✓ Check the teachers' preferred mode of communication. They are not required to share their mobile numbers.
 - ✓ Understand that teachers may not be able to respond to queries immediately.
(Within 3 working days to respond)

Parents we need your help to:

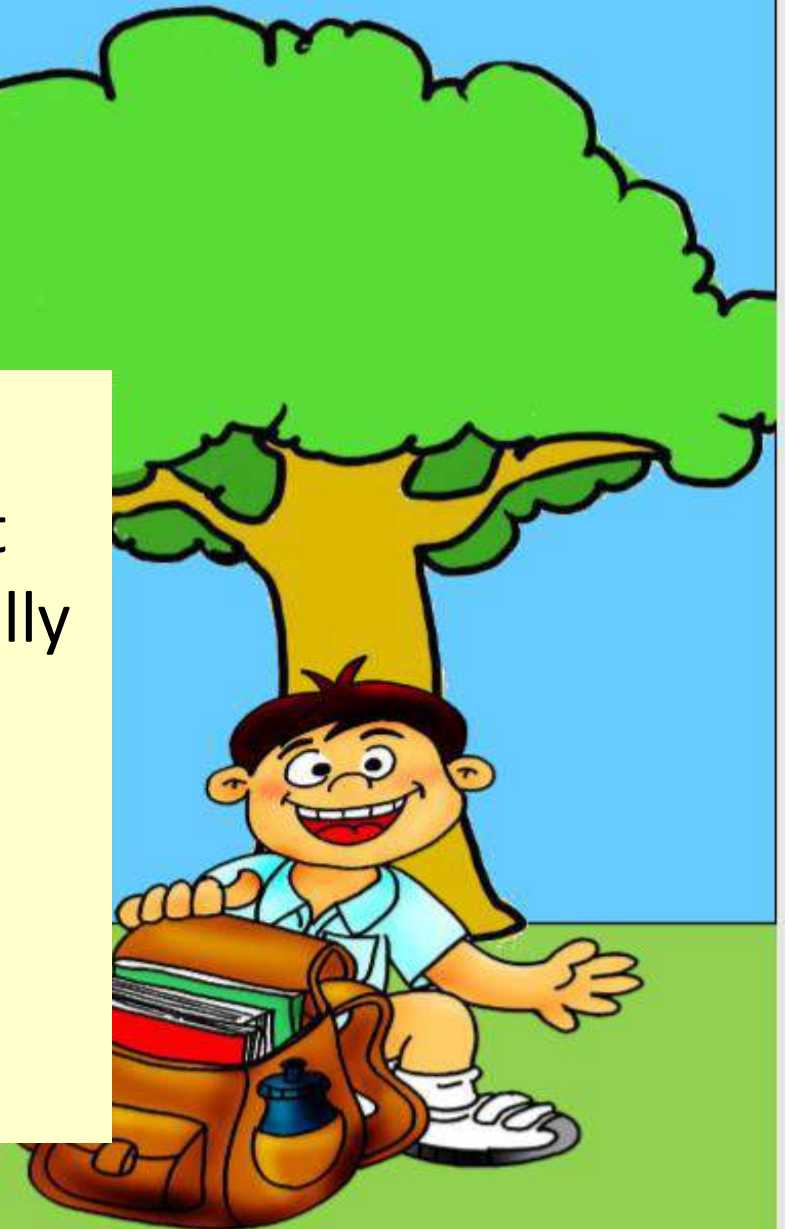

- **Help your child relate to others**

- ✓ Help your child build resilience in the face of obstacles and differences.
- ✓ Work with the teachers to help your child respect differences and resolve disagreements amicably.
- ✓ Let the school have time to verify the facts in any incident before taking action to ensure a fair, objective outcomes for all parties.

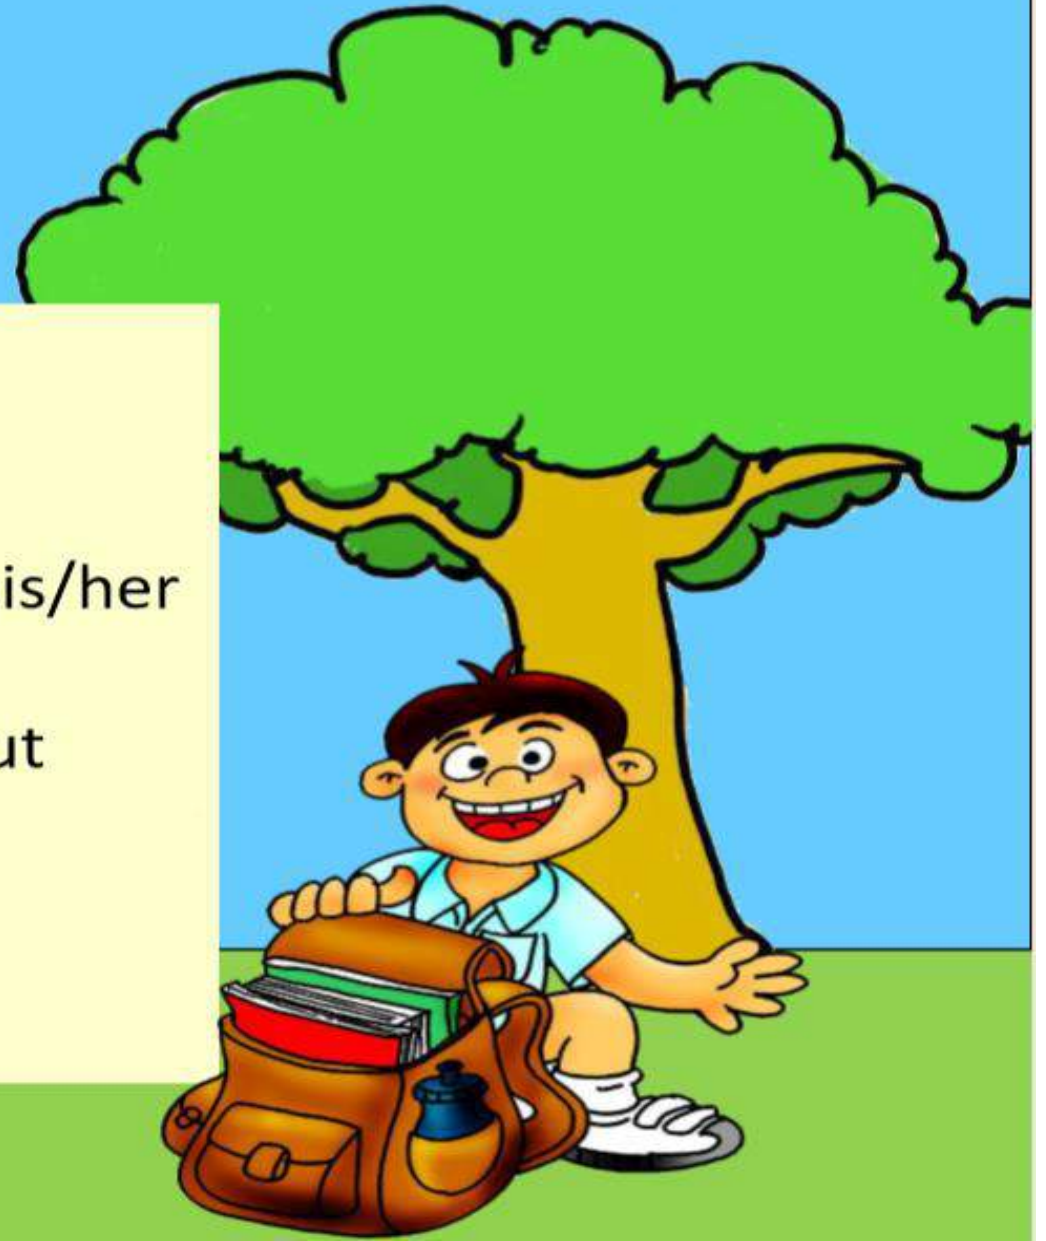

Parents we need your help to:

- **Help your child develop good habits**
 - ✓ Create a conducive home environment for your child to enjoy reading bilingually and finish his/her homework by himself/herself.
 - ✓ Encourage your child to live a healthy, balanced life with time for sleep and play.

Parents we need your help to:

- **Help your child manage himself/herself**
 - ✓ Guide your child in managing his/her time.
 - ✓ Encourage your child to help out with household chores.

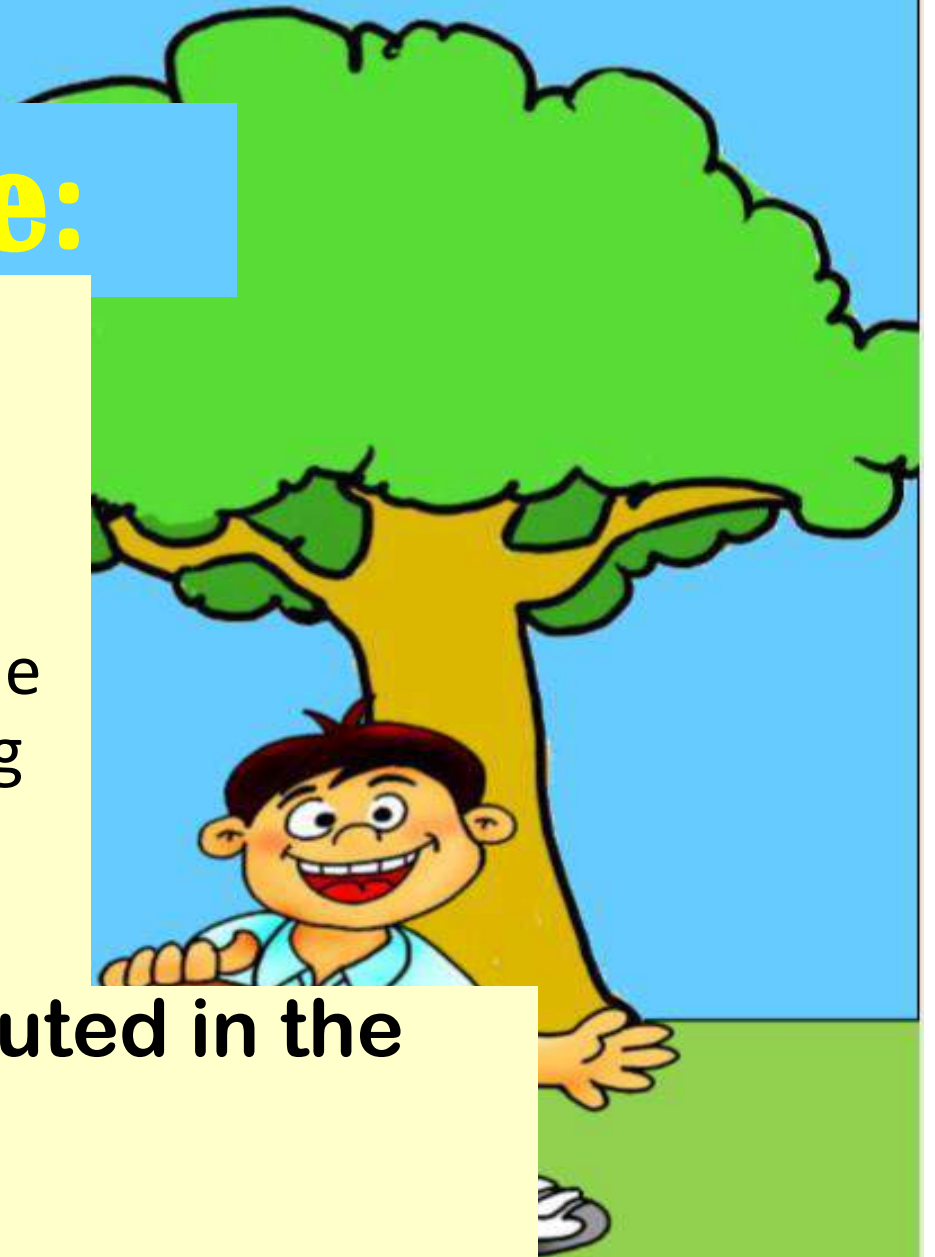

Parents we need your help to **take note:**

No birthday parties in school

- Cultivates culture of appreciation through simple and meaningful gestures.
- Students to build quality relationships with one another without any expectations of gift giving or comparisons of how birthdays are celebrated.

No birthday goodie bags to be distributed in the class

- Food allergies concern and restrictions

Communication & SOP

- The SKGian Connect

The Spirit of Engagement

- School and parent share a common interest in the child
- Effective two-way communication shapes common understanding and builds collaboration and trust

**It takes a whole village
to raise a child**

SCHOOL-HOME PARTNERSHIP

**Our children do best
when schools and
parents work hand in
hand to support them.**

Please call the school at **6386 4255** during office hour if there is any questions.

Thank
You!
